

FUORIPISTA PAMETNI BICIKL ZA VEŽBANJE / FUORIPISTA SMART EXERCISE BIKE

Privlačan i rafiniran proizvod kojim se možete pohvaliti. Sa ergonomskim rešenjima, sadržajem visoke tehnologije i tehničkom preciznošću, Fuoripista Bike je inovativni sobni bicikl i prvi Elite brendirani proizvod kreiran u partnerstvu sa Adriano Design. Proizveden u Italiji i napravljen od prirodnih prefinjenih materijala koji prate odlične performanse, Fuoripista uvodi potpuno jedinstven dizajn, ističući lepotu, eleganciju i čiste linije.

Ovaj bicikl donosi novi način vizuelizacije koncepta dobrobiti vežbanja sa sofisticiranim pristupom dizajnu. Karakteriše ga mogućnost postavljanja u zatvorenom ili otvorenom prostoru (ispod pokrivenih područja) a od tradicionalnih sportskih uređaja razlikuje se po svojoj formalnoj liniji i materijalima toplijih boja.

Raspoloživ je u dve varijante, crnoj i boji drveta, tako da se uklapa u različite stilove. Glavni nadvratnik je izrađen od čistog jasenovog drveta sa višeslojnim lakom na vodenoj bazi, što ga čini vodootpornim. Drvo prirodno nudi različite vrste površine i nijanse, pa je svaki primerak jedinstven.

A highly appealing, very refined product to show off, with ergonomic solutions, high-tech content and technical accuracy. Fuoripista Bike is the first Elite-branded product created from the partnership with Adriano Design: the innovative indoor stationary bike that becomes a sculptural element with an iconic image. Made in Italy, created with natural refined materials and super performing, Fuoripista introduces a totally new design that highlights beauty, elegance and clean lines.

Fuoripista Bike brings forth a new way of visualizing the concepts of well-being and workouts with a sophisticated approach to design. Fuoripista Bike can be positioned indoors or even outdoors (under covered areas). It differs from traditional sports devices for its formal line and warmer-coloured materials.

It comes in two colour variants, wood and black, so it fits different styles. The main lintel is made of solid ash wood with water-based multiple-layer closed-pore varnish, which makes it waterproof. Wood naturally offers various grains and shades: each device is unique.

TRESOUND1 HIFI ZVUČNIK ZA ZVUK OD 360 STEPENI / TRESOUND1 360-DEGREE SURROUND SOUND HIFI SPEAKER CHILDRN

TreSound1 je bežični zvučnik kompanije Trettitre koji donosi uzbudljiv zvuk, pogodan za svaki dom. Karakteriše ga Bluetooth 5.1, surround zvuk od 360° i minimalistički dizajn završne obrade u klasičnoj crnoj boji. Pred vama je remek-delo inspirisano planinskim obrisima, gde vrhovi simbolizuju jasnoću srednjih i visokih tonova, dok dolina predstavlja pun i moćan bas.

Iako je projektovan za savremenog čoveka kog krase dinamičan životni stil, ovaj zvučnik istovremeno zove na opuštanje i pronalaženje kutka za uživanje u umirujućoj muzici. Trettitre ima za cilj da obezbedi mirno i prijatno iskustvo u domu, eliminišući stres i pružajući spokoj kroz savršen HIFI zvuk.

TreSound1 by Trettitre is a wireless speaker packed with Bluetooth 5.1, piano paint finish, 360° Surround Sound and a minimalist design to bring you soul-stirring sound, fit for any home. An artistic masterpiece inspired by the shapes of the mountain. The peaks symbolize the clearness and brightness of the mid and treble, while the valley symbolizes the full and powerful bass.

TreSound1 is designed for the modern people of this century who live a fast-paced lifestyle. Simultaneously, it allows them to find a place to relax and enjoy soothing music. Trettitre aims to provide a peaceful & enjoyable experience at home eliminating the stresses people have and refreshing your tranquil mood through its HIFI sound.
