REFINED MATERIALS

Ash wood, tempered glass,
aluminum, steel and leather:
we chose refined materials as
they're natural, sustainable and
ideal to have around every day.
Designed to last for a very long
time with no end-of-life, this is
a responsible, inherently "green"
choice.

HIGH CRAFTSMANSHIP

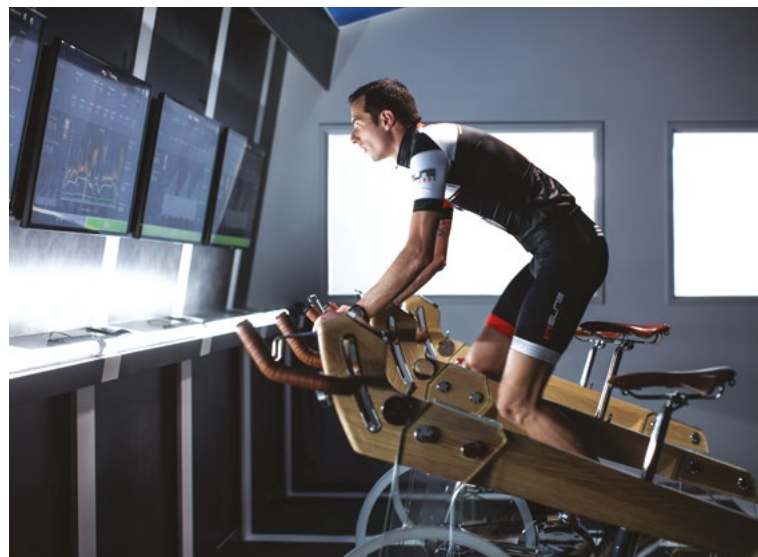

PERFECT FITTING

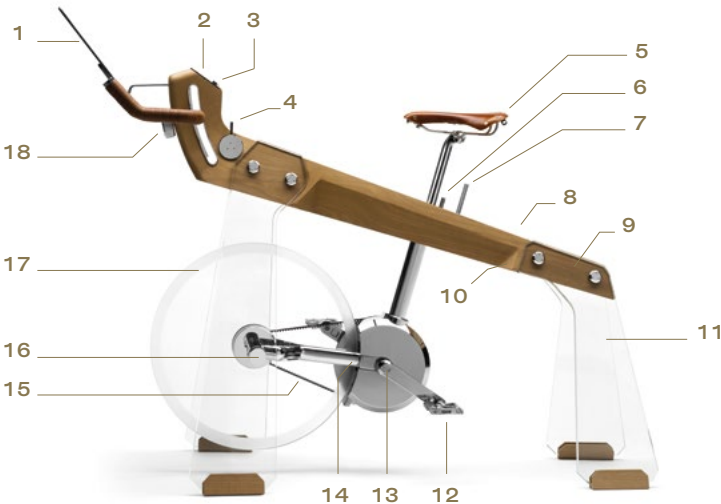

Designed for perfect fitting — from “S” size to “XL” size — as both the saddle and the handlebar are adjustable, so you can adapt it to your body and maintain the proper posture while working out.

TECHNOLOGICAL AND INTERACTIVE

Having the most evolved equipment in the indoor cycling world makes it possible to experiment all kinds of workouts, constantly monitoring your performance and connecting to the virtual coach and the community.
