Bike · interactive stationary bike

made in Italy

# INTERACTIVE STATIONARY BIKE

Fuoripista *Bike* is the first Elite-branded product created from the partnership with Adriano Design: the innovative indoor stationary bike that becomes a sculptural element with an iconic image.

Made in Italy, created with natural refined materials and super performing, Fuoripista introduces a totally new design that highlights beauty, elegance and clean lines.

Two color variants  
available to match  
your favorite style

# REFINED MATERIALS

Ash wood, tempered glass,  
aluminum, steel and leather:  
we chose refined materials as  
they're natural, sustainable and  
ideal to have around every day.  
Designed to last for a very long  
time with no end-of-life, this is  
a responsible, inherently "green"  
choice.

# HIGH CRAFTSMANSHIP

## PERFECT FITTING

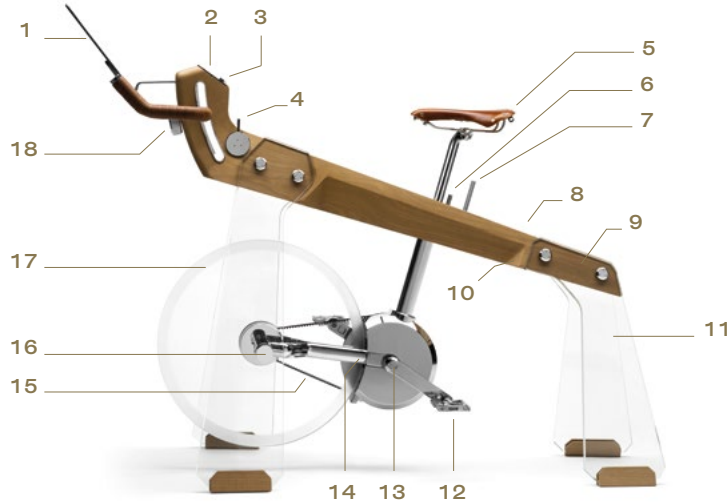

Designed for perfect fitting – from “S” size to “XL” size – as both the saddle and the handlebar are adjustable, so you can adapt it to your body and maintain the proper posture while working out.

## TECHNOLOGICAL AND INTERACTIVE

Having the most evolved equipment in the indoor cycling world makes it possible to experiment all kinds of workouts, constantly monitoring your performance and connecting to the virtual coach and the community.

# FEATURES
